# The Panorama strategy (2021-2027)

- Norway's strategy for bilateral cooperation on higher education and research with nine countries of strategic importance to the knowledge sector outside of the EU/ EEA area
- Brazil, Canada, India, Japan, China, Russia, South Africa, South Korea, and USA
- The purpose is increased quality and relevance in higher education, research and innovation in Norway through internationalisation and cooperation with the business sector.

# Panorama

The Panorama strategy is

- an instrument under the Long-term plan for research and higher education (2019-28)
- a part of the follow-up on the White Paper A world of opportunities — International student mobility in higher education

It is expected that the cooperation will be based on established principles linked to

- quality
- relevance
- reciprocity
- long-term perspectives
- accountability

Relevant calls for  
applications

# INTPART

- International Partnerships in Excellent Education, Research and Innovation
- Application deadline: March 16 2022
- a p p r . 80 m i l l i o n s a v a i l a b l e f u n d i n g
- 5 m i l l p e r p r o j e c t s f o r 5 y e a r s d u r a t i o n

## Programme objectives

- Develop world-class research and education in Norway  
– through international partnerships.
- Expand cooperation between research groups considered to be at the international forefront or with the potential to become world leaders in their fields.
- Enable long-term *institutional partnerships* with strong academic groups in priority countries.
- Strengthen integration of higher education- and research activities.
- Facilitate cooperation with the business and public sectors, when relevant.

- More information about [UTFORSK](#)

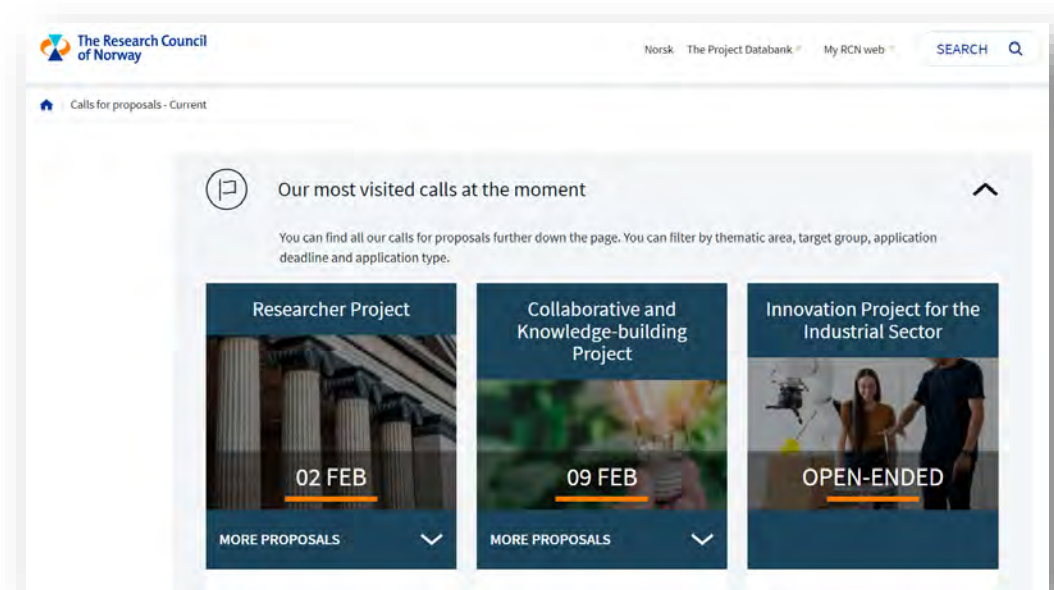

Available funds

# Where to look for funding for cooperation with South Korea at the Research Council of Norway?

*Opportunities for funding international cooperation are included within the «regular» calls.*

➤ Our tip: do not wait for calls with «South Korea» in the title, but explore the following types of calls:

1. Calls for Collaborative and Knowledge-building Projects
  - open for funding international research organisations
  - read call text and ask to clarify if needed
  - annual calls with main deadline in February
2. Calls for networks & other activities
  - Currently a call for [Network activities](#) at Svalbard
3. Calls for individual international projects
  - annual call [deadline in February](#),
4. Multilateral and European calls
  - [Eurostars](#) call for SMEs (South Korea is member) call open - next deadline March 24<sup>th</sup>

# Scholarships available for students
