

## Roadmaps for bilateral research cooperation

---

The Research Council of Norway has drawn up roadmaps for cooperation with eight priority countries outside of the EU/EEU: Brazil, Canada, China, India, Japan, Russia, South Africa and the US.

[Roadmap for bilateral research cooperation with the United States of America \(Norwegian only\) \(pdf\)](#)

[Roadmap for bilateral research cooperation with Canada \(pdf\)](#)

[Roadmap for bilateral research cooperation with India \(pdf\)](#)

[Roadmap for bilateral research cooperation with Japan \(pdf\)](#)

[Roadmap for bilateral research cooperation with China \(pdf\)](#)

[Roadmap for bilateral research cooperation with Russia \(pdf\)](#)

[Roadmap for bilateral research cooperation with Brazil \(pdf\)](#)

[Roadmap for bilateral research cooperation with South Africa \(pdf\)](#)

### The roadmaps

---

- provide a brief overview of Norwegian research cooperation with each of the eight countries;
- describe the countries' respective research systems and detail their strengths and weaknesses as research nations;
- identify which thematic areas and funding instruments are particularly relevant as a basis for research cooperation in the years ahead.
