## Healthcare of the future

The Research Council of Norway is announcing 2 000 000 euro to Norwegian researchers who want to participate in a European research collaboration for the healthcare of the future

The call aims to provide the necessary knowledge to build the health and care of the future. By providing this knowledge, the call aims to support the development of new and innovative solutions that can address the current and future challenges facing health and care systems. Furthermore, the call aims to support the implementation of innovative solutions on a larger scale. With research and innovation supporting the implementation of existing solutions, the call aims to accelerate the pace of change and make a positive impact on health and care systems in a more efficient way.

Amount participating by the Research Council: 2 000 000 euro (approx. NOK 22 500 000)

Minimum maximum amount you can apply for: Max 300 000 euro (approx. NOK 3 400 000) per Norwegian participant

Total amount of funding announced under this call: Approx. 20 000 000 euro.

If the funding recipient is a commercial enterprise the funding is granted in the form of state aid and is regulated by the state aid rules.
