

## Deadlines for applications

We have six to seven formal deadlines a year. We also have a number of calls with open-ended application assessment without deadlines.

[See all our current calls for proposals with open-ended deadlines.](#)

Our deadlines are absolute and final. The system is automatically closed to new submissions when the deadline expires. Applicants are themselves responsible for ensuring that they have submitted their applications within the deadline. It is not possible to submit a grant application after the deadline has expired, nor is it possible to update an application or provide any additional information.

### Main application deadlines 2025

**The deadlines are at 13.00 (CET/CEST).**
