

## Results of applications submitted for the April and September deadlines

The assessment of grant applications submitted for Researcher Projects (including Young Research Talents projects and International Mobility Grants), Collaborative and Knowledge-building Projects (application deadline 10 April 2019), Knowledge-Building Projects for Industry (application deadline 4 September 2019), Innovation Projects for the Industrial Sector and Commercialisation Projects (application deadline 25 September 2019) is coming to a close.

- [Funding awards are announced on an ongoing basis on this webpage.](#)

Applicants will also be notified directly of the funding decisions via “My RCN Web”.

Funding decisions will be announced on approximately the following dates (there may be some delay for information in English):

Date	Application type
9-13 Dec.	Knowledge-Building Projects for Industry (application deadline: 4 September 2019) Collaborative and Knowledge-building Projects (application deadline: 10 April 2019)
16-20 Dec.	Innovation Projects for the Industrial Sector (application deadline: 25 September 2019)
16-20 Dec.	Research Commercialisation Projects from Publicly Funded Research (application deadline: 25 September 2019)
16-20 Dec.	Researcher Projects, Young Research Talents projects and International Mobility Grants (application deadline: 10 April 2019)
January 2020	Final overview of funding allocated for Researcher Projects, Young Research Talents projects and International Mobility Grants, including applications awarded funding after distribution of additional funding (application deadline: 10 April 2019)
March 2020	Innovation Projects for the Public Sector (application deadline: 25 September 2019)

This year is the first year of review of new application types as well as the first time that the Research Council portfolio boards have been responsible for the final funding decisions.
